### CAREER OBJECTIVE

---

Product & Technology Leader with 8+ years of experience leading large-scale digital platforms across **GovTech, AI, and enterprise SaaS ecosystems**. Proven record of delivering national-scale systems, enterprise integrations across **47+ offices**, and AI-powered platforms achieving **94% matching** accuracy. Strong expertise in portfolio strategy, cross-functional execution, commercialization planning, and driving measurable product performance improvements in the global digital ecosystem.

### EXPERIENCE

---

**Penta Global Ltd.** | Senior Product Manager (Lead) | Dhaka

July 2023 – Present

- Defined and executed product strategy across enterprise and national-scale platforms, including BDRIS (National Digital ID), Election Management System (web & mobile), Voxcruit (AI), Neusting (Telecom SaaS), and ACC ERP integration across 47 offices.
- Owned portfolio roadmap and Agile governance (PRDs, sprint frameworks, KPI retrospectives), reducing release **cycle time by 20%** and improving delivery predictability.
- Led Election Management System lifecycle during national cycle, ensuring zero downtime under peak load and driving **1M+ mobile downloads** within 30 days.
- Launched Voxcruit (0→1 AI platform), achieving **94% matching accuracy** and 2.5x backend performance improvement.
- Directed ERP rollout across 47 distributed offices, reducing **manual reporting by 25%** and increasing operational visibility.
- Led Neusting (Telecom SaaS) admin redesign, cutting **onboarding time by 30%** and increasing enterprise **CSAT to 70%**.
- Spearheaded GTM rollouts across public-sector and enterprise deployments, aligning engineering, compliance, and stakeholders for phased commercialization.

**ArchiConnect** | Senior Product Manager | Remote

May 2022 – June 2023

- Owned product strategy and optimization roadmap for B2B SaaS marketplace, aligning pricing, onboarding, and core flows with revenue growth objectives.
- Conducted **50+** structured customer interviews and market validation initiatives to refine positioning and strengthen product-market fit.
- Drove **80% MoM revenue** growth for three consecutive months by optimizing funnel efficiency and monetization levers.
- Improved **retention by 35%** and **conversion by 30%** through analytics-driven experimentation and usability testing.
- Led 18-member cross-functional team (Engineering, UX, QA, Marketing) to deliver scalable releases under Agile governance.

**Rokkhi IT Solutions Ltd.** | Product Manager & Co-Founder | Dhaka

November 2018 – April 2022

- Owned the full product lifecycle from concept to launch, aligning strategy, execution, and operations to deliver scalable solutions.
- Implemented cost-saving measures, resulting in a BDT **200k reduction** in annual OPEX.

- Recognized market gap and introduced revenue-boosting hardware solutions, driving **20% revenue** growth through strategic vision.
- Delivered data-driven insights to prioritize product roadmaps, balancing customer needs, feasibility, and business objectives.
- Collaborated with investors to secure **\$0.5M in venture capital funding** by refining the business model and strategic goals.
- Enhanced platform engagement by **60%** via UI/UX improvements; maintained NPS **60+** and achieved **30% higher customer acquisition**.
- Delivered complex projects for UNICEF Bangladesh, combining technical innovation with social impact.

**Plan International Bangladesh** (Gorjon App) | Product Manager | Remote      October 2017 – October 2018

- Participated in designing the MVP and developing its architecture with cross-disciplinary teams.
- Conducted user research in **10+ urban slum** areas to improve app usability and accessibility.
- Collaborated with cross-disciplinary teams to translate field research into scalable technical solutions.
